

March 22, 2010

Dear Mr. Gonzalez,

What a presentation! I would like to commend you on your professionalism in scheduling and adhering to the guidelines of our district. The overwhelming feedback we have received from the students is a testament to your ability to speak to them. They got it and they listened. Not only did the students enjoy your appearance the campus, district administrators and teachers in the audience were completely impressed with your performance and your message.

Thank you for enduring a multitude of conversations with me in regards to the content of your testimony and your songs. I appreciate your focus on being about making healthy choices. You truly delivered.

I look forward to future motivational and inspirational presentations in Clear Creek Independent School District.

Sincerely,

Denise Crouch
Coordinator of Drug Education
